

Wireless Emporium Named to Lead411's Technology 500

Orange, CA – Wednesday, December 01, 2010 – It has been a great year for Wireless Emporium. The online leader in cell phone accessories has just been recognized for the third time in the past few months as one of the fastest growing companies in the United States. Lead411 has just named the Orange, CA based company to their Tech 500 list, comprised of the fastest growing tech based companies in the United States.

""""We created the Technology 500 Awards as a way to recognize companies that have the success formula right,""" said Tom Blue, founder of Technology 500 and Lead411, """"We""re pleased and feel fortunate to have to have Wireless Emporium included.""""

In order to qualify companies needed to be privately owned and were then were ranked based on revenue growth over the years 2007-09. Wireless Emporium checked in at #240 on the list.

"It really is an honor to be recognized by a company as well respected and prestigious as Lead411," said Wireless Emporium co-founder Eugene Ku. "They are a recognized leader in their industry, so to be named to the Technology 500 carries a measure of weight. "

This is the first year that Lead411 has put together the Technology 500. All companies on the list did a minimum of \$1 million in revenue in 2009 and the list includes companies from a wide variety technology based industries.

About Wireless Emporium

Established in 2001, Wireless Emporium, Inc. is a recognized leader in the cell phone accessories and unlocked cell phones market supplying over 40,000 manufacturer-direct products to consumers, businesses, education and government institutions through a portfolio of leading E-Commerce web sites.
